PIXMA iP1300
Inkjet Printer

Affordable home printing made easy.

Key Selling Features

- 2 picolitre FINE print-head technology for sharper text and enhanced image quality
- High quality photos and documents at up to 4800 x 1200 dpi resolution[1]
- Prints a borderless 6" x 4" photo in around 70 seconds[2]
- Prints up to 11 ppm in black and 11 ppm in colour[2]
- Prints true borderless photos up to A4 size
- Easy to replace single cartridge
- Compact and stylish, fits in any home interior

Short Description

The PIXMA iP1300 Inkjet printer lets you enjoy quality photo and document printing at home. As part of the PIXMA range, it is built with FINE (Full-photolithography Inkjet Nozzle Engineering) technology which ejects consistent 2 picolitre ink droplets with remarkable accuracy for smoother, sharper and more detailed images. Together with high print resolution of up to 4800 x 1200 dpi, fast 6" x 4" photo print speed of approximately 70 seconds and borderless photo prints up to A4 size, the PIXMA iP1300 is the perfect home printer for students or the whole family at a very affordable price.

PIXMA – A revolution in printing

PIXMA is the direct result of Canon's expertise in print-head technology and photography. Canon's PIXMA range features FINE print-head technology which places microscopic ink droplets on the page with unparalleled accuracy and consistency. PIXMA delivers superior quality to your photographic and document printing with unsurpassed speed and reliability.

ChromaLife100

A beautiful photograph is something worth keeping forever. Now with the ChromaLife100 system, the photos you print at home can maintain all their vibrancy and colour for 100 years[3]. The combination of ChromaLife100 ink and selected Canon photo papers lets you print long-lasting photos of unrivalled quality. Thanks to the ChromaLife100 system, the precious memories in your albums will still be bright and fresh a century from now. Canon has a range of specialty photo papers that's suitable for virtually every photo size and use. To ensure you gain all the long-lasting benefits of the ChromaLife100 system, make sure you choose Canon's Photo Paper Pro, Photo Paper Plus Glossy, Photo Paper Plus Semi-gloss or Glossy Photo Paper.

Quality Photo and Document Printing

- Enjoy printing true borderless photo printing on 6" x 4", 5" x 7" & A4 size at home
- High print resolution of up to 4800 x 1200 dpi for sharper results[1]
- Prints a borderless 6" x 4" photo in around 70 seconds[2]
- Fast document printing up to 11 ppm in black and 11 ppm in colour[2]

Easy-to-Use Software

- Easy-PhotoPrint – a user-friendly application for printing out digital photos, retouching portraits and lab quality trimming. Features within this software include Blemish remover, Face Sharpener and Face Brightener
- Easy-WebPrint^ - automatically adjusts the size of the webpage you want to print to ensure it fits on a sheet perfectly, eliminating waste and frustration[4]
- PhotoRecord^ - makes it easy for you to create beautiful photo albums complete with captions and creative layouts

^ Windows only

Included In The Box	PIXMA iP1300 Inkjet printer, Setup Software & User's Guide CD-ROM, CL-41 FINE Colour Cartridge, 12 months warranty card, Power cord

* Ink yield calculation is based on printing Canon 24 standard digital images on Photo Paper Plus Glossy (6" x 4" borderless print) with default settings in Windows XP driver. The figure above is an average value, measured when printing continuously using the ink immediately after it is unsealed, until the ink is out. Ink yield may vary depending on photos printed, applications software used, print mode and type of paper used. This should be used as a guide only and does not take into account ink that might be used for head cleaning or head refreshing to maintain printer performance. Please visit our website for further details.

1. Ink droplets can be placed with a pitch of 1/4800 inch at minimum.
2. Print speed dependent on system configuration, image/document complexity, type of paper used, software, print mode and does not take into account data processing time on host computer.
3. Up to 100 Years' Life in a Photo Album when printed with ChromaLife100 ink on selected Canon photo papers. Kept in a photo album, shut out light and air (gas), temperature 23 degrees and 50% humidity. Predicted value from the accelerated test. Results may vary based on individual environmental factors. For more information, please visit canon.com.au/ChromaLife100
4. Easy-WebPrint requires Microsoft Internet Explorer version 5.5, version 6.0 recommended.

All specifications may change without notice.
